Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I appose any change of Park spaces use for anything different than public daily use of Parks for people livability and enjoyment. As Portland resident over 40 years I have paid taxed like many others to make sure our parks are clean and enjoyable to spend time in. City counsel members needs to address the homeless issue properly, safely and create jobs and menthol hospitals and facilities to educate not provide funds for drugs use and abuse public trust.
