Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am opposed to this proposal. Parks are shared and need to be safe for EVERYBODY. Is the city going to place services in the parks....mental health, drug addiction? How about sanitation? How many campers are you proposing? What are the rules? What if a camper doesn't comply? Who is going to monitor compliance? If these questions are not defined, you are not considering the health and safety or EVERYONE as Commissioner Hardesty has proposed.

Testimony is presented without formatting.
