Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I ask that you strongly consider that the outer east Portland area has been neglected, has been the dumping ground, and is under represented. We are taken advantage of by the city and ignored for safety protocols. We have not been consulted in the numerous inadequate and pitiful changes that have been made. It is a low income area with many socioeconomic, racial, and gang issues. We need extensive assistance, NOT being the area that houses even more homeless issues. Our neighborhoods and parks are already unsafe and dirty.
