Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am completely opposed to zoning changes to our parks. As a taxpayer I am already appalled by the tent encampments on our city streets. The trash, needles and feces is a huge health hazard. Please do not extend this mess into our parks. Our parks a place for our children and our community to gather in a CLEAN and SAFE environment. It is maddening that the homeless have more rights than tax paying citizens. Come up with another alternative to house the homeless but do not destroy our parks by permitting people to camp in them. BAD IDEA!
