Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

Dear Mayor Wheeler and members of the Portland City Council, As parks, natural areas, & trails supporters, we are writing to strongly advocate for an important change in the language of Shelter to Housing Continuum recommendations from the Planning and Sustainability Commission. We recommend the removal of Open Space Zones from consideration for either temporary or permanent houseless shelters EXCEPT for a declaration of emergency by the City Council due to a catastrophic natural disaster.
