Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

Please do not allow for homeless camps to be set up in our public spaces. I have been threatened, a gun in my face, innocent children involved and have witnessed sexual violence against women in camps. I am scared to take my dog out based on my experiences so PLEASE don't allow this to happen. While everyone deserves a place to stay and feel safe , I should not feel unsafe walking around my condo.
