Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am in full support of the tiny houses in the St Johns neighborhood and live within a few blocks of their location. Looking forward to people moving into them. I'm also impressed and appreciative of the S2HC work and strongly support any alternative housing for people with pets and/or with addictions. I know that a lock on the door provides so much security and that having that security may allow people to relax enough to seek help for addictions. Thank you for your consideration for the needs of houseless people. Judy Froemke
