Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

Please do not turn our city parks into campgrounds. It will destroy the space, eliminate space for children to play, people to congregate, exercise, sing, play. It is likely that the space will become a giant trash can as many other campsites have become. It is not adequate and humane shelter for the houseless in our wet weather. This is not a solution but a bandaid!
