Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I writing in support of the proposed changes in the city code. If Portland wishes to be a welcoming and compassionate city to all our citizens—regardless of their housing status—the city needs to adopt the proposed zoning changes. As a homeowner, I am not opposed to more diverse zoning in my neighborhood and progressive, long-term solutions to create a more inclusive city. I am fearful that my fellow citizens are too heavily focused on the houseless in public spaces, and are neglecting the larger positive implications of the proposed zoning.
