Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I'm opposed to the city allowing homeless camps in the park under the "Shelter to Housing Continuum Project." I'm completely unclear about how this would help the homeless, but it seems as though it would encourage camping on the Park Blocks. This seems like it's just "passing the buck", as it were, to get the homeless to camp elsewhere without actually giving them any housing services.
