Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am an upper middle class white latina from the Reed neighborhood and i support the draft. I also support open space zone changes. my only worry is that East Portland (east of 82nd) will get an unfair burden of shelters. don't let rich neighborhoods like laurelhurst block this draft or block shelters and emergency housing. everyone needs to support this effort. we all need to help each other, not just protect the sanctity of our upper class neighborhoods. this is a racial justice issue, as well as a poverty, health and mental health issue.
