Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I have always supported every Parks bond measure but I did so only because of the dedicated nature of the funds. The parks are desperately needed by families particularly in the “close in” areas. If this is allowed it should be limited to wealthier neighborhood parks as folks in these areas have more options for outdoor activities. I’ll never support Parks funding again if you limit use of the parks.
