Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

Please do not use any of our green spaces for sanctioned or unsanctioned homeless camps. Please hold these spaces for wildlife and local flora. Please only allow homeless to camp in paved city lots with supervision. We need to stop allowing camping in city green spaces and along city streets. There are parking lots, industrial land and spaces that can be used without allowing use of the green spaces and city streets.

Testimony is presented without formatting.
