Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I support the recommended zoning changes and see them as an important step towards recognizing that the housing crisis is not going away anytime soon. I support enhancing our toolbox available to address Portland's housing crisis. It is important to allow permits for more alternative shelters with supportive services, similar to Agape Village, Right2Dream, or Kenton Womens' Village. I would also like the council to expand his continuum and allow (and actively pursue) supportive short term outdoor sites.
