Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am writing to express my support for the proposed S2HC Zoning Code changes. As a resident (and homeowner) in Rose City Park for over 32 years, I am well aware of the need to make our neighborhoods more inclusive and welcoming. I write particularly of the need for temporary zoning changes during the pandemic emergency, to facilitate safely sheltering the unhoused members of our community. The zoning changes give us more options and more efficient paths to help bridge the gap between shelter and housing in our city.
