Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I fully support the Shelter to Housing Continuum Project! I also support the amendments submitted by Portland: Neighbors Welcome. I live in St. Johns, where houseless people are already living in unsanctioned encampments throughout our neighborhood. I hope that the City moves forward now to help these community members find housing and better shelter than tarps and cardboard boxes. The Shelter to Housing Continuum Project and the Portland: Neighbors Welcome amendments together make for a step in the right direction.
