Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I have lived here 50 years and have felt the loss of everything business, safety and clean environment. I feel for the homeless and their lack of safety. But why is Portland pushing all their problems to the East side! There has got to be a better solution! I support this bill. It's inhumane how it's been handled; for those with out a home and we who live in the neighborhood.
