Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

As much as I can understand from this project, the parks are going to be open to the homeless and less safe space is for the taxpayers in Portland. I believe, you should come up with a solution to the homeless problem, by finding housing for all that want to be off the streets. Many of the homeless camps are drug house camps. We all know that. More violence and shootings would occur in the parks, subjecting the population to a very dangerous situation. There is nothing aesthetic about the project as proposed. Don't subject us to this poorly thought out plan. Amen!
