Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

Tents, syringes, and trash everywhere is horrible for everyone. We should house the homeless in a large hotel like building. Don't kick them out if they do drugs. Offer treatment, mental health services, and help find people jobs that want them. Homelessness and drug addiction is here to stay so we might as well accept it and build some infrastructure to deal with it.
