Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

City Council, We have enough places for them to go. These people are destroying our city day by day and do not want help. We are enabling them to live a life that only causes more destruction. Camps are rapidly growing along with the drug use, shootings and crime. Trash is the most common thing in our city. We can't walk down side walks and go into parks feeling safe. Stop shoving this problem into South East Portland and acting like its not an issue. We don't want what little area we have left filled with more trash and homeless. Thank you for your time.
