

PDX SHELTER FORUM

#278248 | March 16, 2021

Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

We strongly support the Shelter to Housing Continuum proposal, with the attached recommendations. These were developed over the last nine months through our four community forums, many open work sessions, active email/web forum with over 330 members, and close engagement with the Bureau of Planning & Sustainability project team. ----- Our recommendations align with and build upon those of the Planning & Sustainability Commission, and the Social Justice Coalition represented by the testimony letter from Portland: Neighbors Welcome. thank you for your consideration ----- submitted by TIM McCORMICK, co-founder and moderator, PDX SHELTER FORUM. (pdxshelterforum.org), with additional co-signers to be added with subsequent letter.

Testimony is presented without formatting.
