Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I feel tax payers and home owners are the ones that are losing! I've lived on the Eastside all my life, now the homeless are parking in our neighborhood at a park and elementary school. One neighbor decided to let a homeless man put a tent on her porch and now we have cargo trailers, cars, trailers parked on our residential road at the park. Activity throughout the day and night. Why is this ok? We have children that walk to school and play at school and park. You know how Oregonians feel about their parks and campgrounds. Before anything is decided, all of you need to drive around the Eastside, personally look at the neighborhoods. It's so frustrating what is happening to our once beautiful city!!
