Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I strongly oppose passage of S2HC. You, the elected leaders of our city, have already let down the tax paying community of this city by allowing those who choose not to contribute to society, to live on our streets unchecked. With this comes crime, trash, and vandalism (take a drive up I-5 north). Yes there are people who need help, who are houseless for economic reasons, but that this the very very small minority of large group of individuals who are taking advantage of your lax approach. Implement some tough love, help those who need it, clean up the rest. You have already let this get out of control. Do not make it worse. Sick and tired of my taxes going to a city who does absolutely nothing meaningful to protect my family, friends, or property.
