Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I think the S2HC is a disaster waiting to happen. The city first needs to understand and plan for how it's going to clean up our Downtown area. Once the majority of the community is vaccinated the homeless camps need to go. I know it's a complicated multi faceted problem, but looser restriction on camping in public space is not the answer. D the jobe we elected you to do!
