Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I fully support this proposal. Portland has plummeted from a highly desirable city to visit to a depressing place to be avoided. The legions of unhoused people need support; pushing them from one place to another is not a fix. It's a basic human right to have shelter and sanitation services. This proposal begins a dignified short-term solution while a long-term solution of affordable housing develops.
