Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am very concerned about the safety of the neighborhood, particularly as there are three schools very close by, one right across the street from Gabriel Park. Unlike downtown and other areas, this is a residential area where children as well as adults use Gabriel Park. Please, do not vote to allow camping in Gabriel Park, this bandaid is not a solution. However, it does cause additional problems. Thank you for your consideration, our neighborhood associations did not have much of a head's up at all before this would be presented for a vote.
