Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I live in SE Portland and can't walk to the bus stop on the sidewalk because of tents and trash. As a person with Muscular Dystrophy I find it very difficult to access some parks and public walkways because people are living there and are sometimes aggressive:ie- licking knife at bus stop, yelling and doing Kung foo kicking by their tent in park. I own a house and we have lots of rules about what we can do. Why do the houseless get to do whatever they want, wherever they want? They have been making parks unsafe- human feces, needles, aggressive behavior. Please don't make that behavior legal.
