Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I do not support the inclusion of Parks, Park Properties and Open Spaces set aside for green and nature spaces to be used as shelters. These precious areas need to remain open and accessible for all which they will not be if used in this manner. You can site homeless camps within industrial areas on paved areas which if privately owned can be leased and provide restrooms and shuttles as needed.

Thank you
