Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

TRASH FREE campsites, shelters, villages , etc...should be required. Portland is filthy. This once beautiful city is terrifying. CLEAN UP THE TRASH, needles, feces, etc....and pay all houseless folks to do so. Dumpsters should be mandatory at all campsite lots and emptied regularly. Relocate the drug addicts out of downtown and into a rural village where they get all the drugs and booze they want in a supervised environment....NOT on city streets. NO MORE TENTS ON SIDEWALKS!!!!
Clean up the trash!
