Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

Please do not allow camping or recreational vehicles in public parks. The parks will no longer be clean, safe and relaxing, how/when will trash and toilet facilities be monitored? I will feel unsafe, to send my children to play there and I feel camping in parks, streets anywhere that it reduces the livability for my family. Seriously consider children, how will summer day camps operate during the summer months with campers nearby? I would not feel safe sending my children to day camps any longer.
