Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am against making it easier for people to camp/live on streets and public lands. The quality of life in the neighborhood has gone way down. I used to feel safer walking. Crime is a big problem, mostly theft, but not just theft. Needles, trash, human waste in our park and left on streets sidewalks and yards. Mentally ill, verbally abusive, scary people invading backyards and sometimes homes. It's too much. No more leniency. No more living on our streets.
