Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

Gabriel Park is not the right place for a temporary homeless shelter/camping spot. Nor do I agree with allowing Recreational Vehicles to become homes on our neighborhood streets. These proposals open our neighborhoods to trash, drugs and undesirable people among our peaceful, clean and kid-friendly streets. Gabriel Park is a particularly inappropriate location in that there are no services nearby for the homeless and there is limited public transportation to services. There must be areas within the city that are more appropriate locations for a homeless camp.
