Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I used to have sympathy for the homeless, but not anymore. They have become a eyesore in our city. Just because you are homeless does not mean you have right to generate filth around your campsite. If I were in charge of the situation, they would be the ones cleaning up our city. If they didn't comply, I would use the resources of the Fire Department to hose down their campsites twice a day. And ust maybe they would find a new place to go to stay dry. There is no solution to this problem. Please don't let them camp in Gabriel Park and ruin our wonderful Southwest playground.
