Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I strongly oppose the S2HC proposal, that includes provisions for a "temporary" homeless tent city in Gabriel Park. This entire park adjacent to the SWCC is a pristine and safe park frequented by not only surrounding neighborhood families but day care organization outings for preschoolers, numerous summer camp day programs for primary school age children and as soon as opened the SW Community Center draws residents from all over the county. It is not a safe or acceptable alternative to set up homeless camps in the Gabriel neighborhood park and SW community center.
