Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

Please vote no on the Shelter to Housing suggestion of adding parks, golf courses, etc. to temporary shelter options. With all the money in taxes that I pay, I want to be able to enjoy the few green spaces in the city without the space being taken over with shelters. Along with the environmental concerns to land, wildlife, structures and more. There needs to be alternative solutions. I used to love biking on the Springwater Trail all the way out to Gresham from Portland and now I can't do that by myself or with my girlfriends as there are part of the trail that aren't safe any longer. Really frustrating and sad.
