Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I do think we can do more to help people who don't have a place to live, but setting up tent cities in public parks is not the answer. Helping people rise out of poverty so they can afford a place to live makes sense. Also this will enable drug users instead of helping them battle their addiction. There will be sanitation issues and children will not be able to safely use their neighborhood parks.
