Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am writing to request the Portland City Council pass the Shelter to Housing Continuum without amendments that would reduce or limit the ability to site shelters across the city and with amendments to ensure maximum flexibility for shelter and housing. I believe it is important to allow groups to host limited numbers of people in outdoor housing and to allow property owners to accommodate individual shelter if safe hygiene practices are observed.

Testimony is presented without formatting.
