Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am writing this against 33.296.030.H. Putting the homeless in parks won't solve anything but make the parks a mess and impossible for families to enjoy. It's the worst idea I've ever heard of and I have been in portland for 67 years. Please listen to the people and don't do it. Instead hire more companies to clean up the messes around the city that the homeless have created. Find land away from downtown and fence it off and give them that instead.
