Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am against part (b) of the S2HC proposal, extending public camping to include "open space zones"; specifically parks and golf courses. The city owns or has access to plenty of buildings and properties without using these resources. I was born and have lived most of my 71 years in Portland, Oregon. I've voted for all of the past measures for Portland parks, and believe those countless millions of dollars were not intended nor appropriate for this proposed use. Sincerely, Darrell Raschio
