Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am unequivocally opposed to allowing homeless individuals to camp in our parks. Our parks belong to all of us and we all have the right to visit, relax and recreate in these special places. Permitting people to live in these places will undoubtedly infringe on these activities. We must do better to resolve the problem of homelessness, which is out of control in this city and eroding everyone's quality of life. The City of Portland has gone from the City of Roses and the City that Works to the City of Slums.
