Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

Wilkes finally got a small park, now it will be taken by homeless. Who will police it? Who will clean it? Leach Botanical Garden renovated at \$12 million now will be taken over by homeless, who will police it, who will clean it? East Portland remains the second highest tax base and the second lowest in city services. Please find alternatives to your homeless citing plan.
