Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

What ever is in the works now for alleviating the HOMELESS CAMPING is not working. I've seen the attempts to clear and clean up encampments but it's like a game of "whack-a-mole". Moving from the Bay Area I had illusions of Oregon being lush , green and a safe place to live.....wow, was I mistaken ! If I had known what the NE was like I would NOT have bought my home here. Out of embarrassment I refuse to invite out of state relatives and friends to my home.
