Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I fully support, and have voted for funds/higher taxes to address homelessness in Portland. I specifically support programs to help keep people in the homes they have (most cost effective way of addressing homelessness) and programs for "home first" (most effective approach once someone becomes homeless). I do not support allowing any type of camping in city parks, even on a temporary basis. Thank you, Marcia Keske
