Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

Dear Mayor Wheeler and City Commissioner. As a resident of the Portland area, tax payer and believer in law and order I protest in the strongest terms the current zoning change proposal to house the homeless at Portland International Raceway and our public parks. I fully support effective efforts to assist the homeless community and improve the livability of our city for all Portlanders. This proposal will not address the underlying causes of homelessness and will further exacerbate the public health challenges facing our community.
