Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I was alerted by the Oregon SCCA that changes to Portland Law would allow for Portland International Raceway to be used as a homeless camp. Allowing a homeless population to be established within the gates of PIR will jeopardize security of of the paddock used overnight by motorsports entrants. This will have a negative impact on participation and could ultimately force motorsports to look elsewhere to hold our competitions. This is a lucrative source of income for the city that would be lost. It is very rare that a city has the prestige of a beautiful and historically significant motorsports park, please don't turn this into a heap of garbage.
