Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I'm retired and living on my SS check. The house where I'm renting is going on the market soon = I'm looking to move. I've been interested in tiny house for years, but when I started researching buying one, I found OR is not THOW friendly. You have an opportunity with this Amendment to have a great impact on housing the homeless population---and also those of us wanting to simplify our lives.
