Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

My name is Nan Bobernac and I am retired, living in Portland. I am so glad to see the City Council taking actions to reduce/eliminate homelessness and I hope the amendments get added. I also want to urge the City Council to discontinue the practice of sweeping homeless camps; people, all people, need to be treated with respect and the camps should remain where they are until adequate alternative housing/shelter can be offered. Also, this is what the CDC advises during this pandemic. Thank you for all of your hard work.
