

STOP WORLD WAR III

THE HOUR IS LATE BUT —
PEACE CAN STILL BE SAVED!

HERE'S HOW

1. By an immediate United Nations cease fire order.
2. By the appointment of a special mediation commission, including representatives of the United States, the Soviet Union, India, and the Republic of China, to meet with representatives of South and North Korea to bring about the settlement of the Korean conflict, providing for the withdrawal of all foreign troops and the establishment of a united, independent, and democratic nation.
3. By seating the Republic of China in the United Nations opening the way to a general settlement in the Far East.
4. By a four power conference of the United States, England, France, and the Soviet Union on the German question opening the way to a peaceful settlement in Europe.
5. By outlawing the use of atomic weapons and all other instruments of mass destruction as proposed by the International Red Cross and supported by hundreds of millions of people of all nations.

As Christmas approaches, all mankind hopes and prays for peace. If world war comes because our government has rejected the only path to peace, we will stand alone, without friends or firm allies anywhere. There is no protection in atom bombs, for American cities, too, can be their targets. The civilian defense measures which are being advocated are a tragic game of make believe. At best they will only minimize casualties; millions of innocent men, women, and little children will die in spite of them. The only security for our country is the security that lies in stopping the war before it engulfs us along with the rest of the world. All Americans, regardless of other differences, must unite in calling on President Truman for peace, not the bomb.

MAKE THE VOICE OF THE AMERICAN PEOPLE HEARD. DEMONSTRATE TO THE WORLD THAT THIS IS A CHRISTIAN NATION DEDICATED TO THE PRINCIPLES OF THE PRINCE OF PEACE.

WRITE OR WIRE THE PRESIDENT AT ONCE DEMANDING THAT THE FIVE NECESSARY STEPS INDICATED ABOVE BE TAKEN BY THE UN. DRAFT RESOLUTIONS TO THE SAME EFFECT IN YOUR CHURCHES, LODGES, AND UNIONS, AND SEND COPIES TO THE PRESIDENT.

PEACE IS YOUR RESPONSIBILITY!
