Ordinance

Authorize a three-year Intergovernmental Agreement with Oregon State University to partner on projects and programs related to wastewater, stormwater, and watershed health not to exceed \$450,000

Passed

The City of Portland ordains:

Section 1. The Council finds:

1. The Bureau of Environmental Services (BES) manages Portland's wastewater and stormwater infrastructure to protect public health and the environment.
2. BES's 10-Year Strategic Plan 2018-2027 outlines the vision to be a mission-driven, high-performance organization, leading the City in preserving and restoring the health of Portland's watersheds.
3. To achieve the mission and vision of BES, we need to rely on cutting edge science and strong partnerships in the community and between bureaus.
4. Oregon State University (OSU) and BES have a mutual interest in advancing science and partnerships.
5. BES is interested in entering into an Intergovernmental Agreement (IGA) with OSU to provide research, technical assistance, data collection and analysis, design, education and outreach, and facilitation services.
6. BES would provide funding to OSU at the Bureau's own discretion and dependent on its priorities and available funding.
7. Under this agreement, OSU and BES will engage in projects according to Task Orders that specify a scope of work, deliverables and compensation.
8. The established cost is \$450,000 over a three year period.

NOW, THEREFORE, the Council directs:

- A. The Director of the Bureau of Environmental Services is authorized to enter into an agreement with Oregon State University in a form
