Healthy Parks, Healthy Portland

Community Partnership Program and Teen Collaborative Initiative

Application and Selection Process

- Application window open for a month
- PP&R hosted three virtual information sessions
- Received 47 eligible applications through the initial Statement of Interest form in Smartsheet
- Reviewed and recommended by subject matter experts

Building on Past Success

- Teen Collaborative Initiative grants and investments started in 2015
- Expansion through the Community Partnership Program
- Shared goals to:
 1. Increase the capacity of youth and teen service organizations to engage and center underserved youth and teens in a broad range of recreational and greening activities.
 2. Strengthen PP&R's network of partnerships and increase the capacity of organizations that bring knowledge, expertise, resources, and a focused approach to serving culturally specific communities.
 3. Expand PP&R's capacity to reach underserved youth and teens and center equity.
